Contact Person	Jennifer Kranz, Manager of Clinical Operations E: jkranz@pmg-research.com
Facility Description	Cary Medical Research (CaryMR) is located within the Cary Medical Group facility, which houses an experienced group of Internal Medicine providers. Our close proximity creates seamless collaboration for the identification of patient volunteers and conduction of clinical research.
Investigator Expertise	Cary Medical Research is led by a team of investigators who have an established track record of performance through combined clinical trial experience of over 60 years. For a complete list of investigators and their specialties, please view our Investigator Directory on our homepage at www.pmg-research.com .
Patient Recruitment	<ul style="list-style-type: none"> • Access to our proprietary and searchable database of potential clinical research participants. • Access to private practice patients among our team of Investigators – patient identification is facilitated by Electronic Medical Records (EMR). • Use of extensive media advertising expertise. • Participation in community wide health awareness initiatives.
Facility Compliance	<ul style="list-style-type: none"> • Secured and climate controlled investigational drug storage. • CLIA waived laboratories. • IATA certifications. • DEA licenses for scheduled drugs. • OSHA compliant. • Scheduled equipment inspections and calibration.
Standard Equipment and Services	<ul style="list-style-type: none"> • Emergency equipment and supplies. • ECGs. • Dedicated clinical refrigeration and freezer. • Comprehensive diagnostic testing (ie. radiologic, imaging, endoscopic procedures). • Laboratories equipped for clinical trial specimen processing. • Lifestyle counseling.
