Facility Description	New Hanover Medical Research (NHMR) is situated in the center of Wilmington's medical community with a newly renovated facility offering growth and opportunity in the clinical research arena. In existence for over 10 years, NHMR has established long-term relationships with both investigators and patient volunteers in the community.	
Investigator Expertise	New Hanover Medical Research is led by a team of investigators who have an established track record of performance through combined clinical trial experience of over 50 years. For a complete list of investigators and their specialties, please view our Investigator Directory on our homepage at www.pmg-research.com .	
Patient Recruitment	<ul style="list-style-type: none"> • Access to our proprietary and searchable database of potential clinical research participants. • Access to private practice patients among our team of Investigators – patient identification is facilitated by Electronic Medical Records (EMR). • Use of extensive media advertising expertise. • Participation in community wide health awareness initiatives. 	
Facility Compliance	<ul style="list-style-type: none"> • Secured and climate controlled investigational drug storage. • CLIA waived laboratories. • IATA certifications. • DEA licenses for scheduled drugs. • OSHA compliant. • Scheduled equipment inspections and calibration.
