<b>Contact Person</b>	Jessica Collins, Manager of Clinical Operations E: <a href="mailto:jcollins@pmg-research.com">jcollins@pmg-research.com</a>
<b>Facility Description</b>	Palmetto Medical Research (PalMR) occupies a state-of-the-art clinical research facility located in The Tides Medical Arts Center of Mount Pleasant, SC (near Charleston, SC). Our site collaborates with the largest primary care physician network in the area, Lowcountry Medical Associates (LMA), with several physician investigators practicing within the same facility as PalMR.
<b>Investigator Expertise</b>	Palmetto Medical Research is led by a team of investigators who have an established track record of performance through combined clinical trial experience of over 25 years. For a complete list of investigators and their specialties, please view our Investigator Directory on our homepage at <a href="http://www.pmg-research.com">www.pmg-research.com</a> .
<b>Patient Recruitment</b>	<ul style="list-style-type: none"> <li>• Access to our proprietary and searchable database of potential clinical research participants.</li> <li>• Access to private practice patients through referrals from our team of Investigators.</li> <li>• Use of extensive media advertising expertise.</li> <li>• Participation in community wide health awareness initiatives.</li> </ul>
<b>Facility Compliance</b>	<ul style="list-style-type: none"> <li>• Secured and climate controlled investigational drug storage.</li> <li>• CLIA waived laboratories.</li> <li>• IATA certifications.</li> <li>• DEA licenses for scheduled drugs.</li> <li>• OSHA compliant.</li> <li>• Scheduled equipment inspections and calibration.</li> </ul>
