Contact Person	Dacia Williams, Manager of Clinical Operations E: dwilliams@pmg-research.com
Facility Description	Triangle Medical Research (TriMR) located in the heart of Raleigh, NC, is fully-integrated with Raleigh Medical Group (RMG). Together, we have established seamless collaboration for the identification of potential patient volunteers with available clinical research opportunities. Utilization of searchable electronic medical records provides an effective method of identifying potential trial volunteers with ultimately over 50% of trial participants coming from our collaboration with RMG.
Investigator Expertise	Triangle Medical Research is led by a team of investigators who have an established track record of performance through combined clinical trial experience of over 75 years. For a complete list of investigators and their specialties, please view our Investigator Directory on our homepage at www.pmg-research.com .
Patient Recruitment	<ul style="list-style-type: none"> • Access to our proprietary and searchable database of potential clinical research participants. • Access to private practice patients among our team of Investigators – patient identification is facilitated by Electronic Medical Records (EMR). • Use of extensive media advertising expertise. • Participation in community wide health awareness initiatives.
Facility Compliance	<ul style="list-style-type: none"> • Secured and climate controlled investigational drug storage. • CLIA waived laboratories. • IATA certifications. • DEA licenses for scheduled drugs. • OSHA compliant. • Scheduled equipment inspections and calibration.
